

Adopt-A-Den Program

Love & Hugs for Zusman Hospice

Love & Hugs for Zusman Hospice's mission is for every Zusman Hospice patient to receive a stuffed bear made with true love and hugs to provide much needed comfort as they cope with a life-limiting illness. It's through the generous support of our community that we've, so far, been able to make and deliver over 1000 bears to our patients and families.

And now, our new '**Adopt-A-Den**' program makes it easier than ever to share in the Love & Hugs experience and help supply the 'den' of 40 to 50 bears we need each month. To get involved, you can:

Host an Event

Creating a 'den' of bears is a great team-building opportunity for organizations of any size. We can help with the arrangements, discounts, logistics and volunteers.

Organize a Collection

Set up a collection box and ask individuals to make bears on their own. We can provide discounts and flyers to explain the details. Bring your 'den' of bears to Zusman Hospice or call to have them picked up.

Sponsor a Full Den

Any company, organization, group or individual is welcome to 'adopt' a month of bears by donating the cost of a full 'den' of 40 to 50 bears (\$1000-\$1250). We'll provide the hands and hearts to make them.

Get started 'adopting' today!
